Professional Summary

Motivated Full Stack Developer and Computer Science Engineering student with a strong foundation in web development, programming, and database management. Experienced in building responsive web applications through academic projects and self-learning. Skilled in frontend development, backend concepts, and problem-solving with a passion for creating efficient and user-friendly software solutions.

Education

CMR University

Bachelor of Technology (B.Tech.) in Computer Science Engineering
Currently Pursuing

2026 – Present

Lovely Professional University

Diploma in Computer Science Engineering

Technical Skills

Programming Languages	C, Python, Java, JavaScript
Web Technologies	HTML5, CSS3, Bootstrap, Responsive Web Design
Database	MySQL, DBMS, SQL Queries
Tools	Git, GitHub, Visual Studio Code, XAMPP
Computer Science	Data Structures & Algorithms, Object-Oriented Programming
Soft Skills	Problem Solving, Team Collaboration, Communication, Quick Learning

Projects

Travel and Tourism Management Website

- Designed and developed a responsive travel website using HTML5 and CSS3.
- Created pages for tourist destinations, travel packages, and customer information.
- Implemented clean layouts, navigation structure, and user-friendly interface design.
- Focused on responsive design to provide better experience across different devices.

Student Management System

- Developed a web-based student management application using PHP and MySQL.
- Implemented student records, attendance management, and database operations.
- Designed simple and responsive user interfaces using HTML, CSS, and Bootstrap.

Certifications

- Full Stack Web Development Certification
- Python Programming Certification
- Java Programming Fundamentals Certification
- Data Structures & Algorithms Certification

Training & Learning Experience

- Completed multiple online courses in Full Stack Development, Python, Java, and Data Structures.
- Practiced programming concepts, debugging, and software development fundamentals.
- Improved technical skills through hands-on projects and continuous self-learning.
